

When, What and Why:

- The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) was enacted in 1990 and requires institutions to publish an annual security report, maintain a crime log, issue timely warnings and maintain crime statistics
- The Violence Against Women Re-authorization Act of 2013 (VAWA) extended reporting requirements to include domestic violence, dating violence, sexual assault and stalking.
- The goal of the Clery Act is to ensure that students, prospective students, parents, and employees have access to accurate information about crimes committed on campus and campus security procedures.

Who is a Campus Security Authority (CSA)?

- Anyone with significant responsibility for student or campus activities.
- Faculty responsible for students outside the classroom
- Employees whose job functions place them in contact with students or direct reports in a manner or situation in which they may become aware of any criminal offense which they are mandated to report.

What is my role as a CSA?

- CSAs report allegations of crimes (attempted or completed) that are made in good faith meaning there is a reasonable basis for believing that the information is not simply rumor or hearsay.
- CSAs are mandated to immediately report allegations of crime to law enforcement when brought to their attention.
- Incidents can be reported to CSAs by anyone: a third party, witness or victim.
- CSAs must not further investigate on their own after reporting.

**Report all crimes and other emergencies directly to
WSU PD at
(509) 332-2521, or by dialing 911**
